Fire Chief's Report for April 2023

We ran 15 calls for the month of March. 3 BLS, 4 ALS, 4 MVC, 2 Wildland Fires & 2 Investigations.

We have brought on 3 volunteer firefighters and 1 volunteer support person in the past month. All have been extended provisional volunteer employment with the fire district, pending the results of fingerprints. Our roster consists of 8 volunteer firefighters and 1 volunteer support person. All new members, as well as Sam and Rose, are enrolled in the EMR class.

Tanker 2501 has arrived and is in service. My staff and I have met and decided how to outfit it. We are doing driver's and pump training with it, currently. Currently, half of my staff are qualified on it.

EMR class has started. We have 6 volunteers enrolled. The fire auxiliary has graciously offered to pay for the textbooks.

The new paging system is now online and working correctly. We had to get radios and pagers reprogrammed, due to a new channel being added. Cochise county has ordered, and will be installing a speaker inside the office, at no cost to the fire district.

We have received half of the SCBA bottles that we received a grant for, last fall. The rest are still pending due to supply issues. The new bottles have been filled and are in service.

One of our new volunteers, David Meredith, has a technical background. He has started putting our website together.
